

MYSOLIDWORKS

OBJECTIVE

MySolidWorks enables companies to be more productive by connecting their designers and engineers with relevant online SOLIDWORKS® content, training and services anytime, anywhere, on any device. With MySolidWorks, users can get answers about SOLIDWORKS solutions and connect with the worldwide SOLIDWORKS user community.

OVERVIEW

MySolidWorks provides access to relevant information and support resources so users can get the most out of their SOLIDWORKS solutions. Users can access the SOLIDWORKS knowledge base, try the latest version of the software, get the latest news and connect with SOLIDWORKS resellers, partners and manufacturers.

BENEFITS

- Discover relevant and valuable online content anytime, anywhere, on any suitable device.
- Connect with the community to showcase talents and get content and support.
- Enhance design skills with SOLIDWORKS product training and prepare for SOLIDWORKS certifications.
- Evaluate product releases with the SOLIDWORKS online product trial.
- Stay up-to-date with the latest SOLIDWORKS news.

OFFERINGS

MySolidWorks Guest

Free when you join or log in to MySolidWorks, guests can benefit from online content and training features to get started, but cannot access the knowledge base or commercial support, such as SPRs.

Streaming

SOLIDWORKS online product trial—try SOLIDWORKS anytime, anywhere, on any device, with no install required.

Online Content

- Get answers to your questions by searching across the SOLIDWORKS community and support resources.

- Share and showcase your talents with the CAD Models Service. Upload and download SOLIDWORKS parts and assemblies. See a variety of angles automatically rendered in SOLIDWORKS Visualize.

Training

- Learn with over 300+ free Product Tutorial video lessons.
- Get certified with access to CSWA-Additive Manufacturing preparation course.

MySolidWorks Standard

MySolidWorks Standard is available for customers with SOLIDWORKS Subscription Services and helps design teams gain skills to work faster and smarter with SOLIDWORKS. MySolidWorks Standard includes:

Streaming
